

OC-M81-738  
4 September 1981

MEMORANDUM FOR: Chief, Engineering Division, OC  
Chief, [REDACTED]  
Chief, Communications Security Division, OC

STAT

FROM: [REDACTED]  
Director of Communications

SUBJECT: Message Handling Facility

REFERENCE: OC-M81-710, dtd 2 September 1981, Same Subject

Clarity is clearly not a strong point. The intention with regard to the Message Handling Facility is to prescribe resource limitations to be expended on the development of that capability. There will be periodic-management reviews of the progress of the development which will provide the opportunity for changing the prescribed limitations.
